

Accelerating the College and Career Readiness of Michigan's Students

Michigan is in the process of transitioning to new English language arts and mathematics standards that will better prepare students to be successful in college and their careers. Time, effort, and resources must be dedicated to effective implementation in order to realize the promise of these new common core state standards.

IN TODAY'S ECONOMY, ALL STUDENTS MUST GRADUATE FROM HIGH SCHOOL READY TO SUCCEED IN COLLEGE AND THEIR CAREERS

Percentage of Students Graduating from High School Class of 2007¹

	Michigan	Nation
All Students	78%	69%
White	81%	76%
Hispanic	49%	55%
Black	+	51%
Asian	82%	79%
American Indian	48%	50%

+Insufficient or no data provided

MORE STUDENTS NEED TO BE PREPARED FOR SUCCESS BEYOND HIGH SCHOOL

Percentage of ACT-Tested High School Graduates Ready For College-Level Course Work in 2010²

	Michigan	Nation
All Four Core Subjects	19%	24%
English	56%	66%
Math	33%	43%
Reading	40%	52%
Science	25%	29%

MICHIGAN AND THE NATION NEED MORE COLLEGE GRADUATES

Michigan's College Graduation Rates Versus National Average³

	Four-Year Institution*	National Average*	Two-Year Institution**	National Average**
All Students	54%	56%	16%	31%
White	58%	59%	18%	32%
Hispanic	50%	46%	12%	29%
Black	28%	39%	10%	26%
Asian	68%	66%	15%	33%
American Indian	46%	38%	11%	27%

*Graduation within six years of entrance (Cohort from 2002–2008)

**Graduation within three years of entrance (Cohort from 2005–2008)

Students in Michigan who began college but did not return for a second year received a cumulative **\$39.1 million** in federal grants and a cumulative **\$251.2 million** in state expenditures.⁴

HIGHER LEVELS OF COLLEGE AND CAREER READINESS EQUALS HIGHER EMPLOYMENT

Bolster economic vitality: Over **32,400** students did not graduate from Michigan's high schools in 2010; the lost lifetime earnings in Michigan for that class of dropouts total **\$8.4 billion**.⁶

TO ACCELERATE COLLEGE AND CAREER READINESS, MICHIGAN TEACHERS SEE THE NEED FOR FEWER, CLEARER, AND BETTER STANDARDS

Impact of Improving Standards on Academic Achievement from Michigan's Teachers View⁷

	Clearer Academic Standards	Common Standards Across All States	Tougher Academic Standards	Fewer Academic Standards
Strong or Very Strong Effect	73%	54%	41%	39%
Moderate Effect	22%	33%	44%	31%
No Effect	5%	12%	15%	29%

MICHIGAN DECIDED TO IMPROVE ITS STANDARDS TO SUPPORT COLLEGE AND CAREER READINESS AND IS WORKING ON IMPLEMENTATION OF COMMON CORE STATE STANDARDS

- Michigan was one of forty-eight states that participated in the creation of the common core state standards, which build on the best state standards and go further by internationally benchmarking and back-mapping them for grades K–12.
- As of April 2011, Michigan was one of forty-four states to have adopted the common core state standards in mathematics and English language arts.

TO HAVE A CLEAR MEASURE OF COLLEGE AND CAREER READINESS, STATE ASSESSMENTS MUST ACCURATELY REFLECT STUDENT ACHIEVEMENT; CURRENT TESTS DO NOT

Michigan's Eighth-Grade Proficiency as Measured by Michigan State Tests and the National Assessment of Educational Progress (NAEP)⁸

	State	NAEP
Reading	77%	31%
Math	75%	31%

- The average gap nationally between state- and NAEP-reported **reading** scores is **41** percentage points. Michigan's gap is **46** percentage points.
- The average gap nationally between state- and NAEP-reported **math** scores is **32** percentage points. Michigan's gap is **44** percentage points.

MICHIGAN IS ONE OF FORTY-FIVE STATES WORKING TO CREATE COMMON ASSESSMENT SYSTEMS ALIGNED TO COLLEGE- AND CAREER-READY STANDARDS

Two groups of states have formed to develop these next-generation assessment systems, scheduled to be available during the 2014–15 school year. **Michigan is participating in Smarter Balanced Assessment Consortia.** For more information, visit <http://www.k12.wa.us/smarter/>.

CONSISTENT STANDARDS AND ASSESSMENTS MAKE COMMON AND ECONOMIC SENSE

- Ease transition for students who move from state to state.** In 2009, about **15,926** school-aged children moved **to** Michigan from another state; about **26,922** students moved **from** Michigan to another state.⁹
- Help states realize economies of scale and improve test quality by working together.** Currently, states spend a combined **\$1.3 billion annually** to develop, publish, administer, score, and report on their own state tests.¹⁰
- Reduce the need for remediation in college.** The need for remediation among students entering Michigan's postsecondary institutions unprepared for postsecondary work cost the state over **\$114 million** during the 2007–08 school year.¹¹
